

Logging on to School Computers:

Username:

FOUR letters of last name, THREE of first, TWO digit grad year *(freshmen John Lennon: LennJoh20)*

Password:

SEVEN digit ASB number *(when successful, you will then be asked to choose a new password)*

General Login Info for 2016-2017:

Skyward Usernames

Beginning this week the Skyward Username will change to match the school network username for 7th to 12th grade students. The 6th grade students will receive their login information in September. The district is moving to a common username for students across many applications. Student usernames for Connect and Parentlink will also match the updated Skyward username. The current passwords will remain the same for each software application. When your student logs in to Skyward, Connect, and Parentlink in August and beyond students will use their school network username with the current password for each software application. Please share this information with your student(s). Check your school website for Skyward availability for students. Your student can contact Heidi Hendrickson at hendricksonh@issaquah.wednet.edu or 425-837-7849, school Registrar if unable to login to Skyward.
