

New York Times

Students can access the *New York Times* via KCLS. While you cannot view it like a newspaper, but you can pull up all the today's articles or just do a regular search.

NYT General Article Search: Skyline Library page ([here](#) or via [Canvas](#)) > Databases & eBooks > ∞ Newspaper & Magazine Collections: historical & current ∞ > [The New York Times](#) (via KCLS) > (enter [KCLS access info](#)) > Search *NYT*

NYT Today's Articles: same as above, but instead of searching on that first page, choose the "Publications" option (instead of "Basic Search" at the top) > Choose "New York Times, Late Edition (East Coast)" > then select today's date in the "Choose an issue to view" section.
