3. Log in to ClassLink (use network username and password – same info as logging into a school laptop or Microsoft).

4. Choose Skyline as your school then option #2 "I have an existing account" tab. You may or may not need to enter your Personal ID and Password...

Option 2: Linking to a previously-created account

If this is the first time you are entering NoodleTools through ClassLink but you logged in previously via a personal ID and password (i.e., your school has switched to use ClassLink for access recently, or you had a trial account), select the "I have an existing account" tab instead of "Create account." You will be prompted to enter your old Personal ID and password. Click **Link Account**. NoodleTools will link your old account to your ClassLink ID.
