

Persepolis Jigsaw

Topics:

- 1. Key figures of the Iranian Revolution: Shah Mohammad Reza Pahlavi, Ayatollah Ruhollah Khomeini, Hossein Fatemi, and Mohsen Rezaee (also spelled Rezai)*
- 2. Historical figures mentioned in the novel: Leon Trotsky, Fidel Castro, Che Guevara, Karl Marx, and René Descartes*

For all your three required topics, there are several databases listed below that will be great resources. Additionally, for topics #1 and #2 the library has a number of books on a cart that will be useful.

Remember, if you start with these resources, you will need to do less work to properly cite the source (use the ISBN # in EasyBib and databases have the citation within the entry) and to prove the reputable-ness of the source.
