

Westward Expansion -- Resources

Below are best bets for starting your research. *Remember, with databases the citations are done for you, so try to just stick with these to make your job easier.*

[Facts on File/InfoBase](#) (if link doesn't work, [start here](#) and choose American History)

[KCLS eBooks Collection](#) (you'll need to log in via KCLS, [how-to on page 2](#))

If you cannot find needed information on the databases, here are a few useful sources (you'll need to generate your own citations):

[National Archives \(Exploration and Westward Expansion\)](#)

[Library of Congress \(American Notes: Travels in America, 1750 to 1920\)](#)

[Library of Congress \(Westward Expansion: Encounters at a Cultural Crossroads\)](#)

[Historynet \(Westward Expansion\)](#)
